

Dear to whom it may concern,

I am college student at the University of Cincinnati and I listen to K-LOVE everyday. It is the only thing that relaxs me from my busy class load and noisy dorm neighbors. And since I started listening to K-LOVE two years ago, I feel closer to God than ever before.

So I ask you to keep the current FM radio system for the dozens of people I know who listen to K-LOVE and for my sake.

Sincerely,

Benjamin Newell Steele
